Policy objectives:

This policy outlines what Orchard Mead Academy will do to prevent and tackle all forms of bullying. We are committed to developing an anti-bullying culture where the bullying of young people or adults is not tolerated in any form. If bullying does occur incidents will be dealt with promptly and effectively.

The policy aims to ensure that:

- All governors, teaching and support staff, students and parents have an understanding of what bullying is.
- All governors, teaching and support staff know what the school policy is on bullying, and follow it when bullying is reported.
- All students and parents know what the school policy is on bullying, and what they should do if bullying arises.
- As a school we take bullying seriously. Students and parents are assured that they will be supported when bullying is reported.

This policy is based on DfE guidance “Preventing and Tackling Bullying” July 2017 and supporting documents. It also considers the DfE statutory guidance “Keeping Children Safe in Education” 2019 and ‘Sexual violence and sexual harassment between children in schools and colleges’ guidance.

The following laws highlight the need for all schools to encourage good behaviour and prevent all forms of bullying:

- The Education and Inspection’s Act 2016 section 86
- The Education (Independent Schools standards) regulations 2014
- Education Act 2011(updating and amending the Education Act 1996)
- The Equality Act 2010- schools and academies are required to comply with the Public Sector Equality Duty
- The Children Act 1989
- Protection from Harassment Act 1997
- Malicious Communications Act 1988
- Communications Act 2003
- Public Order Act 1986
- Keeping Children Safe in Education guidance and advice

To protect the most vulnerable students in school including those with SEND, those new to school and those that are at particular risk of harm, this policy links directly to the Safeguarding and Child Protection Policy and Guidelines. Our Anti-bullying Policy should also be read in conjunction with the following academy policies:

- Behaviour Policy
- Staff Code of Conduct
- E-safety policy and Acceptable use
- Complaints policy
- Confidentiality policy
- Searching, screening and confiscation policy

Responsibilities:

It is the responsibility of:

- The Principal to communicate this policy to the school community, to ensure that disciplinary measures are applied fairly, consistently and reasonably, and to ensure that a member of the senior leadership team has been identified to take overall responsibility.
- Governors to take a lead role in monitoring and reviewing this policy.
- All staff, including: governors, senior leadership, teaching and non-teaching staff, and trainees and visitors to support, to uphold and implement this policy accordingly.
- Parents/carers to support their children and work in partnership with the school.
- Students to abide by the policy.

What Is Bullying?

Bullying can be defined as “behaviour by an individual or a group, repeated over time that intentionally hurts another individual either physically or emotionally”. (DfE “Preventing and Tackling Bullying”, July 2017).

Bullying can include name calling, taunting, mocking, making offensive comments; kicking; hitting; taking belongings; producing offensive graffiti; gossiping; excluding people from groups and spreading hurtful and untruthful rumours.

This includes the same unacceptable behaviours expressed online, sometimes called online or cyberbullying. This can include: sending offensive, upsetting and inappropriate messages by phone, text, instant messenger, through gaming, websites, social media sites and apps, and sending offensive or degrading photos or videos.

Bullying is recognised by the school as being a form of peer on peer abuse. It can be emotionally abusive and can cause severe and adverse effects on children’s emotional development.

We define bullying as physical, emotional, sexual or verbally aggressive behaviour, either online or in person, that **occurs ‘Several Times on Purpose’**. The school uses this definition to help children understand the seriousness of bullying compared to other unacceptable behaviours and provides the **‘STOP’** acronym that leads to children knowing they should ‘Start Telling Other People’

Bullying can happen to anyone. This policy covers all types and forms of bullying including:

- Verbal - name-calling, sarcasm, spreading rumours, teasing
- Emotional - being unfriendly, excluding, isolating, tormenting (eg hiding books, threatening gestures)
- Physical - pushing, kicking, hitting, punching or any use of violence
- Sexual - unwanted physical contact or sexually abusive comments
- Cyber - misuse of the internet to intimidate, including by email and social media sites, such as:
 - mobile threats by text messaging and calls
 - misuse of associated technology, i.e. camera and video facilities
 - Sexting - is when someone shares sexual, naked or semi-naked images or videos of themselves or others, or sends sexually explicit messages.
- Bullying related to physical appearance
- Bullying of young carers, children in care or otherwise related to home circumstances
- Bullying related to physical/mental health conditions

- Bullying via technology, known as online or cyberbullying
- Prejudicial bullying (against people/pupils with protected characteristics):
 - Bullying related to race, religion, faith and belief and for those without faith
 - Bullying related to ethnicity, nationality or culture
 - Bullying related to Special Educational Needs or Disability (SEND)
 - Bullying related to sexual orientation (homophobic/biphobic bullying)
 - Gender based bullying, including transphobic bullying ▪
 - Bullying against teenage parents (pregnancy and maternity under the Equality Act)

Bullying can also take place through third person involvement ie another person being encouraged to take part in any of the behaviours above and may be seen as indirect bullying.

All staff should also be alert to the possibility of a member of staff bullying a child. Should anyone suspect that this is taking place this should be reported immediately to the Principal. If the Principal is suspected of bullying, the matter should be reported to the Chair of Academy Council. Additionally, it is possible for students to bully staff and staff should feel comfortable to report this to the Vice Principal (Katie Lowe) or Principal (Imtiaz Patel)

Defining bullying:

It is important to understand that bullying is not an occasional falling out with friends, name calling, arguments or when the occasional 'joke' is played on someone. Children do sometimes fall out or say things because they are upset. When occasional problems of this kind arise it is not classed as bullying. It is an important part of a child's development to learn how to deal with friendship breakdowns, the odd name calling or childish prank. We all have to learn how to deal with these situations and develop social skills to repair relationships.

Bullying involves an imbalance of power between the perpetrator and victim which may manifest itself in several ways: it maybe physical, psychological, derived from an intellectual imbalance, or by having access to the support of a group, or the capacity to socially isolate.

Cyberbullying is a different form of bullying and can happen at all times of the day, with a potentially bigger audience. The Education Act 2011 amended the power in the Education Act 1996 to allow staff who have been authorised by the Principal to examine data or files on mobile devices, and delete these, where there is good reason. In addition OMA will report any issues to the police and other agencies if necessary if staff believe an offence may have taken place or young people are at risk of harm.

Bullying is more simply defined as 'Several Times on Purpose'

Why is it Important to report and respond to Bullying?

Orchard Mead Academy recognises that all forms of bullying, especially if left unaddressed, can have a devastating effect on individuals; it can create a barrier to learning and have serious consequences for mental wellbeing. By effectively preventing and tackling bullying our school can help to create a safe and disciplined environment, where pupils are able to learn and fulfil their potential.

We will:

- Take all incidents of bullying behaviour seriously.
- Ensure our students are aware that bullying concerns will be dealt with sensitively and effectively; that everyone should feel safe to learn and abide by the antibullying policy.

- Intervene by identifying and tackling bullying behaviour appropriately and promptly.
- Recognise the potential impact of bullying on the wider family of those affected so will work in partnership with parents/carers regarding all reported bullying concerns and will seek to keep them informed at all stages.
- Recognise that some members of our community may be more vulnerable to bullying and its impact than others; this may include children with SEND. Being aware of this will help us to develop effective strategies to prevent bullying from happening and provide appropriate support, if required.
- Support staff to promote positive relationships to help prevent bullying.
- Monitor and review incidents of bullying and our anti-bullying policy and practice on a regular basis.
- Seek to learn from good anti-bullying practice elsewhere.
- Utilise support from other outside agencies

Students:

- Are encouraged to 'Start Telling Other People' (STOP):
 - if they are a victim of bullying
 - if they become aware of the bullying of others
- Will be appropriately supported, whether they are the victim, a witness or the perpetrator of bullying

Staff:

- All staff are responsible for the health and wellbeing of the children and have a duty to respond seriously to any claim of bullying.
- Staff must refer allegations immediately to the AHoY or HoY for investigation.
- The AHoY or HoY will inform the Vice Principal of all incidents of bullying. The Principal will also be informed if the incident is of a very serious nature and consequences beyond C3 are required.

Parents:

- Parents/carers are encouraged to inform the academy of any bullying concerns which they become aware of
- Parents/carers of both victim and perpetrator will be kept informed throughout the process.
- Parent views will be taken into account but the academy will stress that wherever possible reconciliation will be considered in order to provide clear resolution for all concerned while not condoning the bullying.

How will the academy respond to incidents of bullying?

The following steps may be taken when dealing with all incidents of bullying reported to the school:

- If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached or witnessed the concern, in most cases this will be as a referral to the relevant AHoY or HoY
- The academy will provide appropriate support for the person being bullied, making sure they are not at risk of immediate harm and will involve them in any decision-making, as appropriate.

- The AHoY/HoY will interview all parties involved, taking written statements where appropriate
- The DSL will be informed of all bullying issues, particularly where there are safeguarding concerns.
- The academy will speak with and inform other staff members, where appropriate.
- The academy will ensure parents/carers are kept informed about the concern and action taken, as appropriate and in line with child protection and confidentiality policies.
- Appropriate action will be taken, including providing support and implementing sanctions in school in accordance with this policy and the school's behaviour policy. This will include support for both the victim and the perpetrator.
- If necessary, other agencies may be consulted or involved, such as the police, if a criminal offence has been committed, or other local services including Early Help or children's social care, if a child is felt to be at risk of significant harm.
- Where the bullying of or by pupils takes place off school site or outside of normal school hours (including cyberbullying), the school will always attempt to ensure that the concern is fully investigated, liaising with the police as appropriate. If required, the DSL will collaborate with other schools.
- A clear and precise account of bullying incidents will be recorded by the AHoY/HoY or DSL in ClassCharts/CPOMS and in accordance with existing procedures. This will include recording appropriate details regarding decisions and action taken.
- The Vice Principal will monitor ClassCharts logs half-termly for patterns, taking appropriate action

How will the academy respond to cyber-bullying?

When responding to cyberbullying concerns, the academy will:

- Act as soon as an incident has been reported or identified.
- Provide appropriate support for the person who has been cyberbullied
- Encourage the person being bullied to keep any evidence (screenshots) of the bullying activity to assist any investigation.
- Take all available steps where possible to identify the person responsible. This may include:
 - looking at use of the school systems;
 - identifying and interviewing possible witnesses;
 - contacting the service provider and the police, if necessary.
- Work with the individuals and online service providers to prevent the incident from spreading and assist in removing offensive or upsetting material from circulation. This may include:
 - reports to a service provider to remove content if those involved are unable to be identified or if those involved refuse to or are unable to delete content.
 - confiscating and searching pupils' electronic devices, such as mobile phones, in accordance with the law and the school searching and confiscation policy
 - requesting the deletion of locally-held content and content posted online if they contravene school behavioural policies.
- Ensure that sanctions are applied to the person responsible for the cyberbullying; the school will take steps to change the attitude and behaviour of the bully, as well as ensuring access to any additional help that they may need.

- Inform the police if a criminal offence has been committed.
- Provide information to staff and pupils regarding steps they can take to protect themselves online. This may include:
 - advising those targeted not to retaliate or reply;
 - providing advice on blocking or removing people from contact lists;
 - helping those involved to think carefully about what private information they may have in the public domain.
